★★★ *Gentleman's Club* ★★★

You represent a gentlemen's club? Your place can organise erotic shows? We have an offer that will change your less lucrative nights into one of the more gainfull and busy one!

For a 4th time this year, Bar le Garage in Mirabel asked us to reward his female clients with a dancer's night. During each of these nights, the gentlemen's club had to refuse people at the entrance. We filled the club at his maximum capacity and women still wanted more. With our tickets selling promotion, we are able to sell everything one month before the event actually takes place and the very next morning we have to get started again!

First we suggest you to visit danseursmontreal.com and see for yourself the 2 previous events videos. We will create an event specially designed to suit your needs and crown it with succes. If you need more informations or your are interested in our services contact us. It will be a pleasure to help you.
